Amsterdam/Amstelveen September 2024

Your Excellency,

Oriaisi Pasilance Ngij'o, a 84-year-old Maasai man, was last seen on 10 June 2022 after he was shot by security forces during protests against the forced evictions of the Maasai Indigenous community from their ancestral lands in Loliondo. A witness saw a police officer take Ngij'o into a police car. To date, his fate and whereabouts remain unknown.

I urgently call on you to take all necessary steps to ensure that the authorities, including the security forces, produce Ole Ngij'o and promptly, thoroughly, impartially, independently, transparently and effectively, investigate his enforced disappearance.

Thank you for your attention to this urgent matter.

Yours sincerely,
